Greetings!

We're happy to offer dog-friendly rooms at the Long Beach Super 8 Motel. We've established the following rules and guidelines so that we can offer the best service and accommodation to all of our guests:

1. Housebroken dogs only please. No cats or other animals allowed.
2. Dogs must be on a leash at all times when not in your room. . . in the halls, lobby or motel parking lot & grounds.
3. Always be in attendance with your dog when in the motel room and do not leave any dog alone in the room or anywhere on the property.
4. Limit 2 dogs per room.
5. To Walk Your Dog, there are two easy areas near our motel.
 - a. Across Ocean Beach Blvd to the west is our "sand lot" which is an extension of 6th Street at the south end of the motel and it juts out into the trees toward the ocean.
 - b. Also across Ocean Beach Boulevard on the north end of the motel and running to the west is a trail that goes out from 5th Street toward the ocean and the boardwalk.
6. Sorry, barking dogs will be required to leave the motel and stay in your car or elsewhere, and unfortunately we can't issue that night's refund for the pet charge because we will still undertake extraordinary cleanup procedures.
7. Additional cleanup fees will be charged if your dog leaves a mess or excessive hairs in the room.
8. Pet services are available for your pooch!
